

The New Method Gas Range

It Stands Unrivaled—Far in Advance of All Other Makes—To See It Makes It Easy for You to Decide

Cooks perfectly, saves 25 per cent in gas consumption over other makes, and you can heat the water in the boiler with the same gas you cook with. This alone is a great saving in gas.

Do not be persuaded to buy any other Gas Range until you have seen the New Method Gas Range demonstrated. We can refer to those who are using them in this city.

When you buy a Gas Range it is cheaper for you in the end to get the best. There is but one best, and that is the New Method Gas Range.

It Has Every Improvement Known in the Manufacture of Gas Ranges.

They will not explode from carelessness. They are enameled inside and out, so that they can be washed like a piece of china. Will not, therefore, rust. Many dealers want to put on a hot water attachment to your boiler that you have to use extra gas to heat it. Why not heat it with the same gas you cook by?

Does This Not Appeal to You as a Common Sense Way of Saving Gas?
